# DEAM METAVERSE COMMUNITY

DEAM Metaverse Community (DMC) is established to connect people, provide & receive support from each other on individual financial development, business development, B2b and B2C services among the community members.

Profit portions from all the projects built for the community will be shared with the community members. Community members will enjoy the benefits along with the community growth and gain financially with its products and services provided to its members and external parties.

DEAM is a passive income generation platform providing various streams of income. DMC is a service-based platform where the benefits generated by serving the community are shared among all the community members.

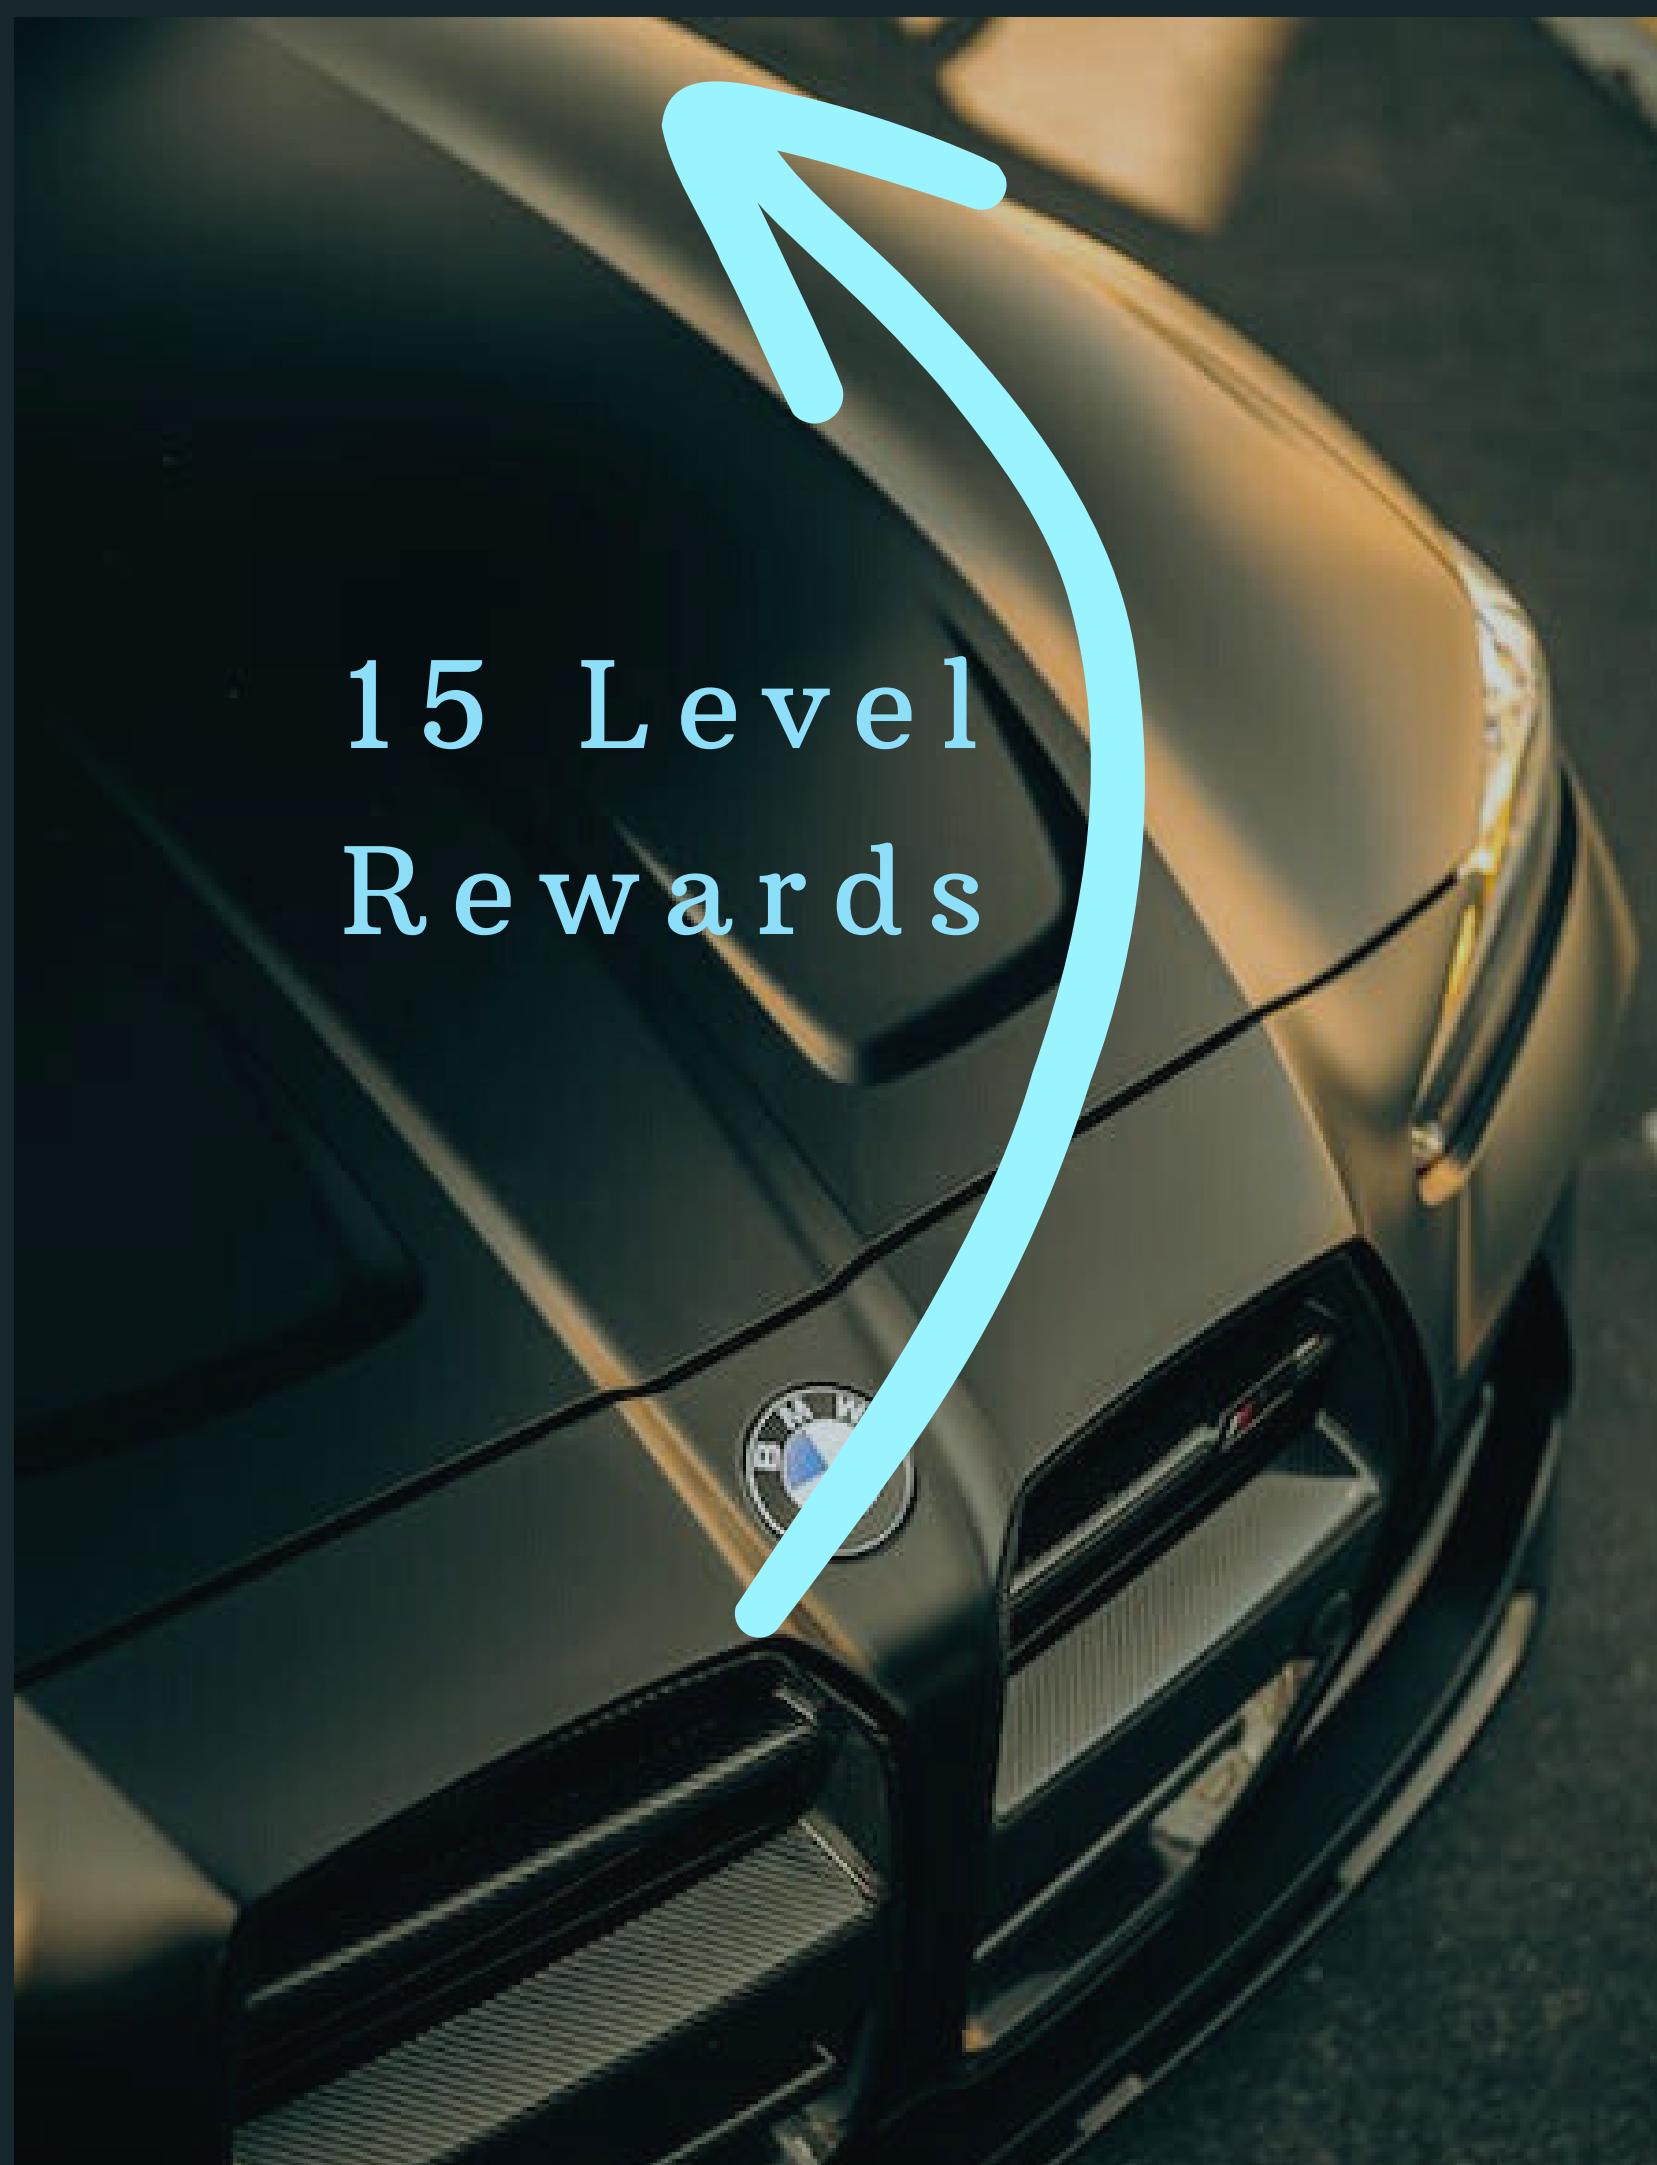

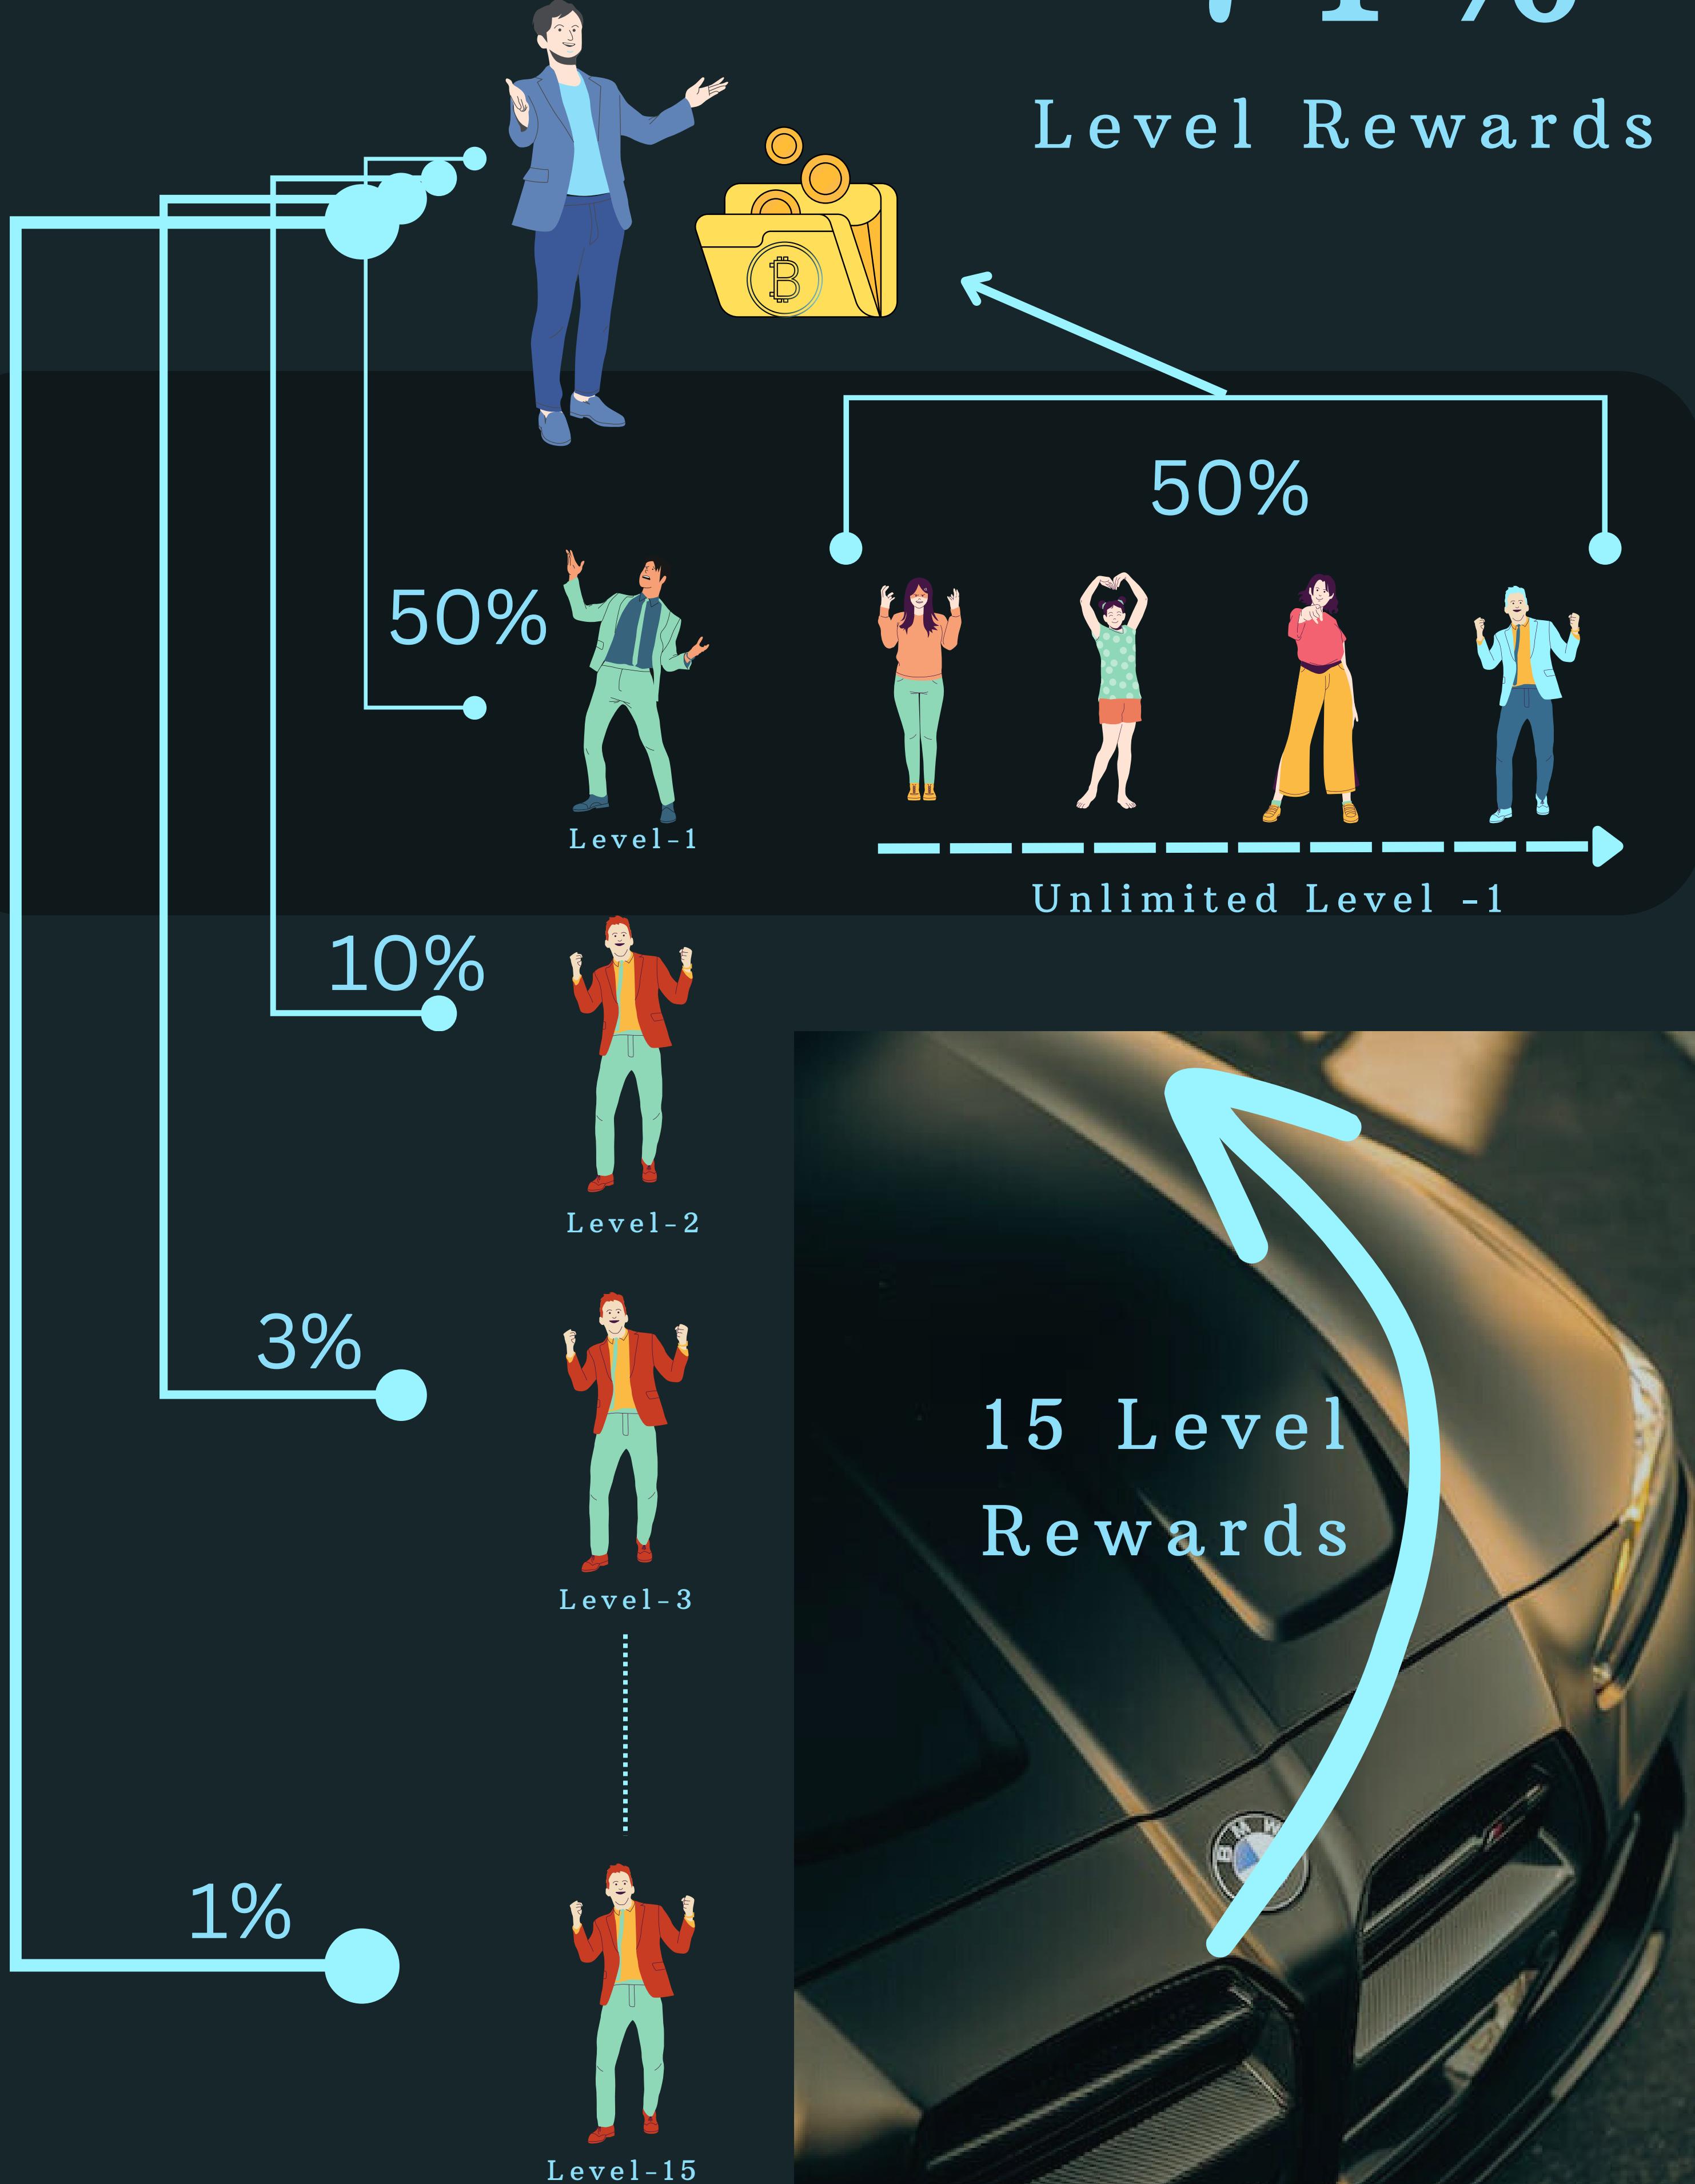

DEAM focuses on building an ecological solution where the services provided /received are seamless. DMC aims to achieve a self-reliable and autonomous eco-system, thus serving the community at large.

Take control of your financial future and join us today!

# DEAM Community Pool

## - DCP -

DCP is the earning source of the active members.

The DCP is a decentralized pool that collects the rewards generated through various processes within the community as mentioned below. The list below is not limited and keeps increasing as the community services offered via the eco system starts increasing.

**10%**  
of the fees when a member joins

**30%**  
of the withdrawal charges collected

**30%**  
Profits from the project initiatives

**DCP**

Weekly distribution of the pool among active members

**Active Members**

# Joining Fee Distribution

Community members are rewarded as below when they introduce new members into the community. The joining fees is distributed back to the community as a reward for helping the community grow.
